

PLANNED MAINTENANCE AGREEMENTS

CONTROL YOUR MAINTENANCE COSTS & PROTECT YOUR INVESTMENT

You've just invested in equipment. Now it's time to ensure that your investment performs at its best with a Planned Maintenance (PM) Agreement. We make it stress-free to plan and budget for future services at a predetermined price. Service is performed by certified technicians using genuine New Holland parts and fluids. Allow us to focus on maintenance while you focus on building business.

- **Reduce Operating Costs:** Prepay your annual maintenance by locking in today's rates. Avoid inflationary costs of oil and labor and protect against rising maintenance costs.
- **Improve Equipment Performance & Efficiency:** Ensure your T6 tractor is working at peak performance through a PM Agreement by utilizing genuine New Holland lubricants, coolants and filters, including a multi-point inspection performed by certified dealer technicians to identify problems before failures and preventing you downtime.
- **Increase Resale Value:** Increase your equipment value with certified inspections, maintenance records and a transferable agreement that benefits the next owner.
